WRIGHT STATE UNIVERSITY

In the tradition of the nation's best universities, Wright State University is dedicated to teaching, research, and service. In addition, as a metropolitan university near Dayton, Ohio, Wright State has the distinct mission of providing leadership to improve the quality of life for the people of the Miami Valley. Wright State's link to area business, community, and research organizations in and around Dayton also offers a diverse student body unique educational opportunities.

The university serves nearly 17,000 students with programs leading to more than 100 undergraduate and 40 graduate and professional degrees through five colleges and four schools. Wright State offers innovative educational programs, including doctoral programs in biomedical sciences, human factors and industrial/organizational psychology, medicine, and professional psychology; Ohio's only combined computer science and engineering Ph.D. program; the world's only aerospace medicine residency program for civilians; and a post-master's educational specialist degree program.

Wright State's theatre, accounting, chemistry, geology, and engineering programs are recognized for excellence. The WSU Lake Campus near St. Mary's and Celina, Ohio, offers associate and pre-baccalaureate degrees.

Wright State University's faculty is dedicated not only to advancing the frontiers of knowledge but also to applying knowledge to real problems. Most classes are small and taught by fully affiliated faculty members, 80 percent of whom hold the most advanced degrees in their fields. In addition, students gain hands-on experience through a variety of community-based programs, cooperative education, internships, and research projects operated with industry and government.

About half of Wright State's students live within a half mile of the 557-acre main campus, including more than 2,000 in university-affiliated residencies. An extensive underground tunnel system links most campus buildings, whose modern architecture is nationally recognized for being completely accessible to people with disabilities. Although most students hold jobs on or off campus, many are involved

in one or more of the 160 student clubs and organizations that give vibrancy to campus life.

The university offers 14 Division I intercollegiate athletic programs, and many students participate in intramural sports programs. The Ervin J. Nutter Center, a state-of-the-art sports and entertainment complex, and other recreational facilities are available to students on a daily basis. Besides intercollegiate athletic events, the Nutter Center hosts convocation, concerts, and other cultural and entertainment events, seating 3,000 to 13,000.

The University Libraries, consisting of the Paul Laurence Dunbar Library and the Fordham Health Sciences Library, are linked through the new OhioLINK system and Internet to holdings of other major academic libraries in Ohio and to a wide range of databases for electronic research. The Department of Archives and Special Collections includes an African-American collection, as well as sections on the Wright brothers and early aviation history, local history, children's literature, and university history.

CAMPUS LIFE

The new Student Union, which opened September 19, 1994, includes a fitness center with aerobic and weight training equipment, a small gymnasium, and a pool for open recreation activities.

The new Russ Engineering Center provides 63 high-tech laboratories designed for education at the undergraduate and graduate levels, and offers state-of-the-art equipment for research and design partnerships with local industries.

ACADEMICS

Wright State University offers many innovative programs in a variety of areas through 100 undergraduate programs and over 40 graduate and professional degree programs. Our mechanical, materials, electrical, biomedical, and computer engineering programs, and the engineering physics program, are accredited by the Accreditation Board for Engineering and Technology (ABET). Our College of Business and Administration programs are accredited

by the American Assembly of Collegiate Schools of Business (AACSB). The College of Science and Mathematics offers programs in life, chemical, and environmental sciences, and in medical technology, as well as a Ph.D. in psychology. Theatre and the arts, along with a strong communication program, highlight the many programs available in the College of Liberal Arts. The Wright State University-Miami Valley School of Nursing offers both bachelor's and master's programs

in preparing its students to meet the current and future challenges of the health care profession. Other care-related professions are found in the College of Education and Human Services, where students prepare for teaching and counseling opportunities in the public and private school environment and in the corporate arena of training and development and employee assistance.

Brenda Day
Academic Advisor

Brenda Day is starting just her second full year with Wright State but in that short period of time she has become one of the most involved members of the

athletic department staff. Along with head trainer Tony Ortiz, she has initiated the "Together Everyone Achieves More" (TEAM) program, which helps student-athletes experiencing difficulties.

As well as monitoring the academic progress and eligibility of over 200 student-athletes at Wright State, she aids Associate Athletic Director Peggy Wynkoop with NCAA and MCC compliance.

Day, a 1987 graduate of East Tennessee State University, came to WSU after serving as the assistant compliance director at Cleveland State. She also boasts experiences with the American Volleyball Coaches Association, the Women's Basketball Coaches' Association and the University of Tennessee, where she received her master's degree in 1990.

DAYTON

DAYTON

Where Innovation Meets Tradition

From the Wright brothers' first flight experiments in their Dayton bicycle shop to the invention of the first self-starting automobile ignition system by Charles F. Kettering, from the cash register to the automated teller machine, Dayton has a strong tradition of encouraging innovation, excellence, and service to humanity. Over 900,000 residents, four Fortune 500 companies, and Wright-Patterson Air Force Base call Dayton's metropolitan area home.

Dayton is a place that takes as much pride in historical preservation and parks as it does in high technology. Located in southwestern Ohio's Miami Valley at the confluence of the Great Miami, Stillwater, and Mad Rivers, Dayton is a picturesque combination of rolling hills, flowing waterways, and open spaces. Dayton boasts more green area than any U.S. city its size. Over 35,000 acres of parks, nature preserves, and other greenery beckon you to enjoy your favorite outdoor activities, and a popular river corridor along the Great

Miami River offers 26 scenic miles of walking, jogging and cycling.

In the Heart of the Midwest

Dayton welcomes its visitors with big-city amenities and small-town, midwestern friendliness.

Dayton's central location among Columbus, Cincinnati, and Indianapolis put within easy driving major collegiate and professional sports activities, cultural events, and other recreational opportunities. And it's one of the nation's most accessible (and affordable) destinations. Chicago, Detroit, and Cleveland are all within a day's drive, and Indianapolis and Louisville are even closer. And Cincinnati is just 54 miles away.

Each year, over 2.5 million people visit Dayton for business and pleasure. Over 100 festivals and the United States Air and Trade Show, a four-day celebration of flight, delight visitors from all over the nation. The U.S. Air Force Museum at

Wright-Patterson Air Force Base, the oldest and largest military aviation museum in the world, has become the state's number one free visitor attraction.

Other notable places to see include the National African-American Museum and Cultural Center, the Museum of Natural History, the historic Wright Brothers Bicycle Shop, and Carillon Historical Park, a museum complex featuring hundreds of exhibits including the Wright Flyer 111, the world's first airplane designated a National Historic Landmark by the National Park Service.

Dayton is strong in the arts. The Dayton Ballet Company is the nation's second-oldest regional company, and the Dayton Contemporary Dance Company is now in its 21st year. The Dayton Philharmonic Orchestra has been performing for over 42 years, and the 72-year-old Dayton Art Institute houses an internationally acclaimed collection of paintings, sculpture, and decorative art spanning many cultures and time periods.

MIDWESTERN COLLEGIATE CONFERENCE

MCC Embarks On Its 16th Year

As it approaches its 16th anniversary in 1994-95, the Midwestern Collegiate Conference is different from the way it has ever been. It is also very much the same. After experiencing membership realignment and refocusing its goals, the MCC is positioned to build upon an established foundation toward a dynamic future.

A new logo symbolizing the MCC's revitalization has been unveiled and positive energy abounds. The conference has doubled in size to 12 schools and, for the first time, the membership now includes both public and private universities. The result has been an affiliation of institutions with similar athletic goals that provides stability and major market exposure.

The "New MCC"

MCC markets now include nearly 13 million television households and encompass roughly 13 percent of the nation's television audience. The member institutions are generally located in major metropolitan areas and benefit from the business, cultural, educational and entertainment resources available to the university community.

The "new" MCC is anchored in a solid tradition that began in 1979. Originally formed as a men's sports league, the conference added women's athletics in 1986-87. League members continue to advocate competitive athletics as a valuable experience and an integral part of the educational process which is the mission of higher education.

Each institution is committed to fielding a broad-based NCAA Division I athletics program that develops physical fitness, academic development and moral character in its student-athletes. Among the MCC's established operating principles are efforts to enhance the student-athlete experience and to maintain integrity, gender equity, academic excellence and fiscal responsibility.

Best known for its basketball success, the MCC offers a total of 16 different championship sports (eight men's and eight women's) and enjoys NCAA automatic qualification or play-in access in baseball, men's basketball, women's basketball, men's soccer, softball and women's volleyball. The conference and its members have established ambitious goals for these "target priority" programs and continue to pursue national prominence in each. The MCC has also identified specific benchmarks for the continuation of its national basketball success and a position as one of the nation's Top Ten Division I athletics conferences.

The MCC moved its offices to Indianapolis in 1985, where the league headquarters has contributed to the city's image as the "Amateur Sports Capital of the World." In addition to many conference championships held in the city, the MCC and Butler University have co-hosted a number of high-profile NCAA events.

Among the most prominent is the NCAA Division I Men's Basketball Championship. The Final Four highlighted Indianapolis in 1980 and 1991, while the city hosted first/second-round action in 1987, 1989, 1990 and 1993. The tournament will be back to the Hoosier Dome in 1996 for the first and second rounds and the Final Four spotlight will return in both 1997 and 2000.

Commissioner Jon LeCrone, the league's third full-time chief executive, assumed the leadership baton in June 1992, and heads a six-person staff. Dr. Claire Van Ummersen, the president at Cleveland State University, was named MCC president in May, while CSU Athletics Director John Konstantinos chairs the conference's Executive Committee.

THE ERVIN J. NUTTER CENTER

Wright State University's Ervin J. Nutter Center is a state-of-the-art entertainment and sports complex. The Center features a 13,000 seat main arena, four basketball courts, a recreational running track, a multipurpose room, 60,000 square feet of exhibit space, and classrooms.

As an entertainment complex, the versatility of the Nutter Center has made it one of the premier stopping points for major tours. Such major acts as Frank Sinatra, Paul Simon, Gloria Estefan, John Mellencamp, the Oak Ridge Boys and Marie Osmond, Reba McEntire, two sold out shows each of Guns 'N Roses and Neil Diamond, two shows of Hammer and Boyz II Men, ZZ Top, and a sold-out Garth Brooks have graced the stages as well as AC/DC, Michael Bolton, and INXS. The Boston Pops Esplanade Orchestra has even made a return to the Center. Such family show greats appearing at the Center include Ringling Brothers and Barnum & Bailey Circus, Sesame Street, Lipizzaner Stallions, Moscow Circus, Ice Capades, World Cup Champions on Ice, and Nickelodeon's Super Sloppy Double Dare and Family Double Dare. Add to these such events as the Queen's Own

Highlanders and Coldstream Guard, Bobby Knight, Greene County Business Expo and various high school events such as chemistry shows and clinics, and you have a facility that has proved to be an integral part of the community in just the few years it has been open.

Home of the Wright State Raiders Division I basketball team, the Nutter Center has been the sight of many spectacular sporting events. The Center welcomed the 1991 Women's National Invitational Volleyball Championship and was the site of the 1993 National Junior Olympic Taekwondo Competition. The Cleveland Cavaliers, one of the nations premiere professional basketball teams have held two exhibition contests at the Nutter Center—first, in 1992 the Cavs battled the Charlotte Hornets, and returned again in 1993 when they faced the Boston Celtics. Another Nutter Center highlight occurred in the spring of 1993 when Wright State University hosted the Mid-Continent Conference annual basketball tournament. The Center has hosted high school events such as the 1991, 1992, and 1993 Ohio State Wrestling tournaments, the

1991, 1992, and 1993 State Volleyball tournaments, district basketball and volleyball play, and the Miami Valley Basketball Fest. The Nutter Center has achieved a reputation, both nationally and locally as a site for high caliber sporting events and competitions.

The facility has been heavily booked from the day it opened, averaging approximately one million guests per year. The Nutter Center started off on a path of a variety of entertainment and sporting events that sold out or pushed capacity on a regular basis. For its capacity, the Ervin J. Nutter Center was ranked the second highest grossing facility in the United States and fourth in the world for ticket sales in 1993, according to *Amusement Business* trade magazine.

WRIGHT STATE'S PRESIDENT

Dr. Harley E. Flack

On February 1, 1994, Dr. Harley E. Flack became the fourth president of Wright State University. He was formally installed as president during a October 7, 1994, inauguration ceremony that also celebrated Wright State's 30th anniversary.

Dr. Flack comes to Wright State from Rowan College in New Jersey, where he served as executive vice president/provost. In that position, he

coordinated the efforts of three vice presidents and directed academic programs for 10,000 students. He also supported fund-raising activities that led to the institution's receiving a \$100 million private donation from Henry and Betty Rowan—the largest private gift ever received by a public institution of higher education at that time—and changing its name from Glassboro State College.

Prior to serving at Rowan, Dr. Flack served from 1987 to 1989 as academic vice president for State University of New York, College at Old Westbury. In that post, he initiated general education programs, helped develop an institutional accreditation plan and established a Teaching for Learning Center and centers for small business development.

As dean of the College of Allied Health Sciences at Howard University from 1974 to 1987, Dr. Flack developed community-based health and education programs, including collaborative efforts with the University of Maryland and the University of Delaware. He initiated international programs including research and training activities in Africa and the Middle East. He acquired accreditation for newly developed programs and initiated a core curriculum and scholarly research programs for faculty and students.

Collaboration also marked his term at the State University of New York in Buffalo, where he served in several positions, among them assistant dean of the School of Health-Related Professions. While at the university from 1969 to 1974, he developed a consortium involving his institution with high schools, community colleges and four-year colleges to develop an allied health curriculum. He also worked to bring African-American, Hispanic, Asian-American and Native American students into the health professions.

Dr. Flack earned his bachelor's degree in physical therapy from The Ohio State University and a master of arts degree in rehabilitation counseling from Kent State University. He earned a Ph.D. in counselor education from SUNY-Buffalo. Dr. Flack has

coedited *African-American Perspectives on Biomedical Ethics* with Edmund Pellegrino, which was published by Georgetown University Press in 1992, and is coauthor of *Case Studies in Allied Health*, which is due to be published in 1994.

A native Ohioan from the Zanesville area, Dr. Flack has had a lifelong love of music. He completed his first album, "The Goree Suite," in July 1992 and has composed more than 30 choral or piano compositions since he began performing at age three.

Dr. Flack and his wife, Mignon, an elementary school teacher, have four sons.

DIRECTOR OF ATHLETICS

Dr. Michael J. Cusack

Growth and success has always been a major ingredient of Wright State athletics since Dr. Michael J. Cusack was named director of athletics in April of 1982.

One of the major forces behind the move to Division I, Cusack continues to press forward with several major projects, including the current construction of a baseball, softball and tennis complex

beside the Ervin J. Nutter Center. In addition to assisting with the design of the athletic components and the move of the athletic department to the Nutter Center in 1990, Cusack formed the Director's Club, a committee of prominent business and community leaders who sold premium seats in the new arena. Besides the "giving" clubs formed under Cusack, he has shaped other programs such as Together Everyone Achieves More (TEAM), The Raider Hall of Fame, The Captain's Club and the Varsity "W" Club.

In 1986, he helped design and unveil Rowdy Raider, the first official mascot of the university. The mascot appears on wearing apparel, athletic letterheads and spirit items.

The university continues to present a well-rounded program under Cusack's leadership. The university offers seven sports for men and seven for women. The student-athlete concept has prospered under Cusack's leadership, stressing the importance of classroom success. TEAM has also instituted a drug education program designed to help diagnose and rehabilitate potential abusers. In addition, he designed a community awareness program that carries a "Say No to Drugs" campaign to area youth.

Success has been no stranger to Wright State athletic programs since Cusack's arrival. The men's basketball team competed in the Division I basketball tournament for the first time in 1993 after winning the Division II national championship in 1983 and making two other regional appearances in Division II, including the 1986 tournament that Wright State hosted. The men's and women's swim teams made appearances in the Top 10 at the NCAA Division II championships. The baseball team made its first appearance in the Division I regionals in 1994 after three regional tournament appearances in Division II, including a 1987 second-place finish at the Division II College World Series. Also in 1987, the women's basketball program earned its first regional tournament bid, and the

golf team was selected for the NCAA championships four years after the sport was reinstated to varsity status.

Cusack came to Wright State after spending four years as the director of athletics at Mercyhurst College in Erie, Pennsylvania. His major achievement at Mercyhurst was guiding the school from NAIA to NCAA Division II membership. He also headed a project in 1981 to add a Division III football program. In its first year, the project sold more than 700 season tickets.

A native of Levittown, New York, Cusack earned his Bachelor of Science degree in physical education from Long Island University in 1964. He received his Master of Science degree in physical education from Queens College in 1969 and an Ed.D. degree in 1980 from New York University in administration of physical education and athletics.

Following graduation in 1969, Cusack spent nine years at Queens College as a member of the physical education faculty. He served as head baseball coach, assistant basketball coach and assistant athletic director. His baseball teams had a combined record of 65-27 with teams appearing in postseason tournaments each of the four years he was coach. He was inducted into the Athletic Hall of Honor at Queens in December 1986.

Cusack and his wife, Dorothy, live in Beavercreek. The couple have five children: Michael, David, Jennifer, Kristen, and George. They have two grandchildren.

25 YEARS OF RAIDER PRIDE...

A Look Back...

25 Years. For people, that's the prime of life; for dogs that's the end of life; but for Division I basketball programs that's young. It's been just 25 years that John Ross and Jim Brown brought roundball to the Wright State University community and 'boy, how we've changed.'

In 1970, the number one song was *Bridge over Troubled Water* by Simon and Garfunkel; the Orioles just beat the Reds in the World Series and bell bottoms and long sideburns were cool. None of the current Raiders was born and just four buildings were known as Wright State.

Surrounded by those events, a basketball program was born in a small local gymnasium; the team became known as the Raiders. There are some programs that have yet accomplished what WSU has been able to pull off in just those 25 years.

Those accomplishments include eight NCAA Division II bids, a national championship, eight All-Americans and finally, in 1993, an invitation to the NCAA Division I tournament. More than 100 players and over a million fans have followed the Raiders through the years. Success came in wins, as WSU has posted 20 winning seasons out of the first 24.

No one will forget the great names of the early years like Bob Schaefer (right), Mark Vest (left) or Rick Martin (below). Nor will anyone forget the more recent greats like Bill Edwards, Mark Woods and Sean Hammonds.

#23 Mark Vest, who played from 1984–86, quickly became a fan favorite at the P.E. Building and currently the fourth all-time scorer.

#35 Bob Schaefer (1976–79) used his jumper to become the all-time leading scorer until Bill Edwards came along almost 15 years later.

#20 Rick Martin (1973–76) led the Raiders to early victories and ended up as the all-time assists leader—until Mark Woods came along almost 20 years later.

...and a Look Ahead

In 25 more years they'll be talking about players like Rob Welch, Delme Herriman and Darryl Woods. That's a lot to live up to but that's why these current players came to Wright State.

But this is the present and those players will be relied upon heavily to continue the tradition. After the team lost its top three scorers from last year, Herriman, a junior small forward, and Welch, a sophomore point guard, will be the team's only returning starters while Woods, who can play both guard spots, returns with 15 starts last year.

Sophomores Rick Martinez and Mike Conner and junior Jason Smith return, averaging more than 10 minutes a game and even started a few games each. Each will be given the chance to play for starting nods, as will seniors Jon Ramey, Eric Wills and Quincy Brann.

Six newcomers, including three freshmen, will dot the Raider roster this winter. Players in 6-10 Ukrainian native Vitaly Potapenko, 6-11 Akron transfer Keith Blankenship, 6-6 Arkansas native Bilaal Neal and 6-8, 240-pound forward Thad Burton will bolster the frontline. Help in the backcourt will come from 6-6 swingman Antuan Johnson and 6-0 Derek Watkins.

Besides these battles for playing time, Underhill is also looking at his toughest schedule ever. A slate that includes Big Ten Wisconsin, Virginia Tech, Ohio, Dayton and Miami as well as the new Midwestern Collegiate lineup that includes UW-Green Bay, La Salle, Cleveland State, Detroit and Xavier.

Darryl Woods started 15 games last year at both guard spots but it's his dramatic three-pointer against Youngstown State that people will remember.

Junior forward Delme Herriman has started 35 games over the last two years and is the leading scorer among the returning players.

Sophomore point guard Rob Welch returns with 20 starts and over 700 minutes under his belt.

The Raiders will enter their seventh consecutive season with flagship station WONE-AM 980 in Dayton. The 5,000-watt station will broadcast all Raider games live for the coming year, as well as three WSU women's basketball games live.

Anchoring the radio broadcasts for his 15th year will be play-by-play announcer Greg Gahris. Currently, he serves as the group sales manager for the Ervin J. Nutter Center. Returning with Gahris as color commentator will be Ron Coleman, former head coach at Central State University near Dayton. Coleman, who played collegiately at Wilmington College, begins his sixth year with the Raiders.

Wright State will enter its second season with WDTN-TV, Channel 2, Dayton local ABC-TV affiliate. Six games will be carried live during the season.

Color analyst for the games will be former Raider great Mark Vest. Vest, who returns for his sixth season on Raider television games, completed his basketball career in 1986 and currently stands fourth on the all-time scoring list with 1,559.

Working all the televised games on WDTN-TV this year will be three sports veterans in Omar Williams, Andre Valentine and Fran Charles. All three will handle play-by-play and interviews.

COACHING
STAFF

If experience is a theme for this year's WSU basketball team, then look no further than head coach Ralph Underhill. Entering his 17th season at Wright State and his 31st overall in coaching, Underhill has been on the bench for almost 900 basketball games and carries a 329-132 mark with the Raiders. His total coaching mark stands at 622-225.

Indeed, the 53-year-old coach has become synonymous with Wright State basketball, having led the program for over half of its 24-year existence.

In his first nine years, Underhill developed Wright State into the finest Division II program in the country. Over that span, the Raiders made seven NCAA postseason tournament appearances, won two regional championships and won the 1983 national championship. Two of his teams were ranked first in the country, including the 1980–81 squad, which was ranked number one from the first poll to the last. Eight of his first nine teams won at least 20 games.

Wright State moved to the Division I level in 1987, and it took the Raiders only three seasons to once again surpass the 20-win mark. Now the dean of Ohio's Division I coaches in terms of longevity at one school, the enthusiastic Underhill has his sights set firmly on the NCAA tournament.

"Everything about our program is clearly moving to the next level of success," said Underhill. "Our new facility, the new conference, the players we've recruited, the success we've had in our first seven years in Division I—it all points to great things ahead."

The national leader among active Division II coaches entering the 1986–87 season, he finished his stay in Division II second in winning percentage and first in victories per season at that level. During those nine years, he averaged 23.2 victories a year.

Underhill is well respected among his peers and was selected as the Great Lakes Region Coach of the Year for the third time in his career in 1986. He won Division II Coach of the Year honors in 1983 after leading the Raiders to the national championship.

Seven players earned Division II All-America honors for Underhill. The All-America parade began in 1980 when Roman Welch was a third-team choice by *Basketball Weekly*. Rodney Benson was the first Raider to earn first-team All-America honors when he was honored by both *Basketball Weekly* and the National Association of Basketball Coaches (NABC) in 1981. Other All-Americans include Gary Monroe (1983), Fred Moore (1984), Mark Vest (1985 and 1986), Grant Marion (1986) and Andy Warner (1986).

Underhill and the Raiders realized the dream of all basketball coaches when his team advanced to the NCAA Tournament in 1993. The Champions of the Mid-Continent Conference faced Bobby Knight and the Indiana Hoosiers.

Underhill took his team on a second European tour in the summer of 1990 for a taste of international competition. He has also taken his teams to California, Texas, Florida, New York, Washington, D.C., and San Juan last year.

Prior to coming to Wright State, Underhill was an assistant coach under Ron Shumate at the University of Tennessee at Chattanooga for six years. He helped guide the UT-Chattanooga team to a runner-up finish in the Division II national championship in 1976 and a national title in 1977. With Underhill on staff, the Mocs had a six-year record of 125-48.

Before entering the collegiate coaching ranks, Underhill spent a year as the head coach of Louisville Manual High School, guiding the team to a 24-6 record and advancing to the Kentucky state tournament. Prior to that, from 1965 to 1971, he was the head coach at Ohio County High School in Hartford, Kentucky. He led his team to a combined 126-30 record, winning four district titles and one regional crown, and finishing as the state runner-up in 1969.

Underhill graduated from Lloyd High School in Erlanger, Kentucky, where he earned four letters each in basketball, football, track and baseball. He played collegiate basketball and ran track

Ralph Underhill and his Raiders opened last season at the San Juan Shootout in Puerto Rico.

Jim Brown

Associate Head Coach 25th Year

He has seen it all. That's what people say about assistant coach Jim Brown and his 24 years at Wright State University. He has been involved in every varsity game ever played at the university—over 700 contests.

Brown has seen the program play its games everywhere from small area gyms to the Carrier Dome in Syracuse. He has seen the worst season and the best season in the Raider basketball history. Over 100 players have

been through the basketball offices since that first tip-off in 1970 and Jim Brown has seen them all.

Beginning in 1970, Brown spent two years as a part-time assistant under the first Raider coach, John Ross. Brown became the first full-time assistant coach in 1972. He helped guide the Raiders through all nine of their NCAA regional tournament appearances and the national championship season.

Brown grew up in the Dayton area, graduating from Belmont High School where he played one season for Ross. He captained the team as a senior, averaging 18 points per game and earning All-Dayton honors.

Brown then attended the University of Dayton, where he played freshman basketball. He earned a Bachelor of Science degree in 1966 and began teaching in the Dayton area. He returned to Belmont where he taught and coached the freshman basketball team. He also taught at Fairview High School and Longfellow Middle School.

Brown was commissioned as an officer in the United States Army in 1966 and completed a tour of duty in the Republic of Vietnam in February, 1970. Later that year, while assisting with the basketball team, he completed work on his Master of Education degree at Xavier University.

Included in his duties as associate head coach is working with Academic Advisor Brenda Day in the coordination of the academic advising of players. He also coordinates the staff's recruiting efforts and has helped bring all eight Raider All-Americans to the Wright State campus. Brown also coordinated the program's highly successful summer basketball camps.

During the past two summers, Brown has spoken as a visiting basketball clinician at the International Sports Seminar in Curitiba, Brazil.

Jim and his wife, Becky, have two sons. Matthew, 19, a sophomore at Wright State who also serves as one of the basketball managers, and Anthony, 17, a senior at Beavercreek High School.

Jack Butler

Assistant Coach Fifth Year

Though he'll enter only his fifth year on Underhill's staff this year, Jack Butler can boast that this is his 23rd season in collegiate coaching.

Butler spent a year as the WSU athletic department's academic advisor before rejoining the coaching ranks last season. He previously was an assistant coach across town at the University of Dayton for 18 years before coming to Wright State.

The Flyers earned three NCAA and five NIT postseason bids during his tenure there, and he became particularly adept in the recruiting wars. Among those he helped bring to Dayton were future NBA standouts Jim Paxson and Johnny Davis, as well as the league's Dave Colbert, Anthony Corbitt and Roosevelt Chapman.

Butler is very involved in the recruiting process with the Raiders, and helps monitor the players' academic progress.

His college playing career began at Vincennes Junior College in Indiana, where he averaged 22.7 points per game over two seasons and set a single-game school scoring record (43). Butler finished his career at Western Kentucky, where Underhill was a graduate assistant coach at the time. He earned his B.A. degree in education/sociology from Western in 1966.

Jack and his wife, Cynthia, reside in Englewood, Ohio. The couple has three sons: Ryan, 13, and twins Tim and Travis, 9.

Jim Ehler

Assistant Coach Sixth Year

Jim Ehler begins his sixth year as a Raider assistant coach, but he is hardly a newcomer to the profession as he enters his 23rd year in college basketball.

Ehler came to Wright State after spending 17 years as an assistant at the University of Dayton, where he also worked in the office of Counseling Education Services.

The personable coach competed in track at Miami (OH) University, a school known as

'The Cradle of Coaches.' He earned his B.S. degree in health and physical education in 1950 and later earned his master's degree in education administration from the Oxford campus.

Ehler is a graduate of Lanier (OH) High School, where he competed in basketball, track and cross country. He later coached at his alma mater, as well as at Versailles, Fairmont and Fairmont East high schools. He served as head basketball and track coach along with teaching biology. Before retiring from teaching in 1983, he was the athletic director of Fairmont East for 10 years.

Still an active runner and physical fitness advocate, Ehler formed the Kettering Striders Track Club and was inducted into the Ohio Track and Field Coaches Hall of Fame in 1987. He is also a popular motivational speaker in the Dayton area. Among Ehler's duties at Wright State will be scouting, recruiting, game preparation, daily practices and preseason conditioning.

Jim and his wife, Jacqueline, live in Kettering, Ohio.

PLAYING PROFESSIONALLY

Several former Raiders have continued their playing careers in the professional ranks. Scott Benton, one of the school's all-time leaders from three-point, played in Luxemburg while Rondey Robinson, a leader in rebounding, has played in Denmark.

More recently, WSU has given Bill Edwards and Mike Nahar to the pros. Edwards, the all-time leading scorer and rebounder, was named to the 1994 All-Rookie Team of the CBA and landed a spot on the Philadelphia 76ers' roster briefly during that season. At the time of publication, Edwards is playing well at the Cleveland Cavaliers camp. Nahar, a 7-0 footer from Holland, is currently leading the Portugal professional league in scoring and rebounding.

MEDIA INFORMATION

The 1994-95 media guide is designed to assist your coverage of the Wright State University men's basketball team. Additional information is available by contacting the sports information office at 513/873-2771.

Credentials: Season credentials will be available to the local-beat reporters and columnists, as well as to the local television stations, prior to the first game. Season passes are also available to the local newspaper photographers. Game-by-game credentials should be requested at least three days in advance and will be held at the Will Call window at the rear of the Nutter Center box office.

Parking: Season parking passes will also be available to the local media prior to the opener. Press parking will be in a designated area in the rear of the building. Parking requests for an individual game should be made as far in advance as possible.

Photographers: Still photographers are limited to working the endlines of the court. Video camera operators may also use the endlines or shoot from the concourse level behind the endlines. Visiting teams may shoot video from platforms near midcourt but must alert the sports information office beforehand. Team videographers will not be allowed on platforms during games televised locally, but the concourse is available for use or the television center can provide a videotape of the game if a blank tape is provided in advance.

Radio: Permission to broadcast games from the Ervin J. Nutter Center must be granted by the sports information office. A phone line is available along press row for the official station of the visiting team at a cost of \$50 per game. A reciprocal agreement may also be arranged. Unless specified otherwise, space on the press row will be allocated for a broadcast crew of two.

Television: All requests for televising Wright State basketball should be directed to Dr. Michael J. Cusack, director of athletics.

Press Room: A press room is located on the court level just outside the open end of the horseshoe-shaped arena. Counter space and phone lines are available for writers. Refreshments will be provided before the game and at halftime.

Phone Lines: All phone lines are available

by collect or reverse charges only. Lines must be requested through the SID office.

Services: Programs, season statistics and game notes will be available in the press room prior to each game. Visiting teams will also be encouraged to distribute their information at the location. A complete NCAA box score and play-by-play will be distributed as soon as possible following the contest.

Halftime box scores will be available at intermission. "Quickie" stats will also be available, as well as score updates from other games.

FAX: A FAX machine is available for use by the media and by visiting teams as requested. The FAX machine is

located on the third floor in the sports information office.

Interview Policy: Coach Underhill generally conducts open practices, and media members are permitted to observe. Practice time is routinely from 2:30 P.M. to 4:30 P.M. and interviews may be requested of the players or coaches before or after that time. Press members should not solicit interviews of the players during practice time or during the day of the game. The sports information office will set up interviews with players if requested two or three days in advance. To speak with Coach Underhill, call the basketball office at 513/873-2771. A good time to reach Underhill is 1-2 P.M.

Postgame Interviews: Following a NCAA-recommended "cooling off" period of approximately 10 minutes, Coach Underhill will come into the press room to meet with media members. If demand warrants, the opposing coach will be brought to the room before Underhill. Widely requested players may also be brought to the press room, but the Wright State locker room is usually open to all media personnel after the game. It is up to the discretion of the visiting coach to open his locker room.
